## DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED JUNE 30 2022

### Directors

The names of each person who has been a director during the year and to the date of this report are:

- Professor Christopher James Layton
- Dr Simone Becker
- Professor Terry Richard Walton AM
- Mr Emmanuel Georga

Directors have been in office since the start of the financial year to the date of this report.

### Principal Activities

The principal activity of the company during the financial year is to promote the prevention or the control of diseases in human beings. In this case, the prevention and the control of blindness in human beings in Australia. Border closures in previous years have meant activities elsewhere, especially in the South Pacific Nations, have been curtailed and research efforts to provide treatment options suitable for use in these countries increased.

### Short-term and Long-term Objectives

- Establish and fund a high quality local research program with the aim of developing single intervention therapies suitable for use in low resource settings
- Establish a sustainable profile in the Australian vision, science, international aid and wider communities to support and enable these objectives

The company's **long-term objectives** are to:

- Discover single intervention therapies for use in both low and high resource settings for the prevention and treatment of blindness which are suitable for regulatory approval
- Provide specialist ophthalmology and optometry services especially where access to care is limited by physical barriers
- Provide world class clinical education opportunities for local eye health practitioners
- Promote effective public awareness and health intervention to treat and prevent blindness, particularly in Australia and the Asia Pacific region, and to develop improving low vision and visual rehabilitation services both in the first world and in international development settings

### Strategies

To achieve its stated objectives, the company has adopted the following strategies:

- To fund and support local partners and members in developing and providing established therapies in areas of need.
- To establish and support Queensland based research fellowships, consumable support and infrastructure to encourage the development of single intervention therapies effective in currently difficult to treat or untreatable blinding conditions which are prevalent in our target areas of need.
- To promote effective public awareness and health intervention to treat and prevent blindness, particularly in Australia and the Asia Pacific region, and to raise funds within the community for research pertaining to blinding diseases and the treatment of ophthalmic disorders in under resourced settings

**Key Performance Measures:** The company measures its own performance through the use of both quantitative and qualitative benchmarks. The benchmarks are used by the directors to assess the financial sustainability of the company and whether the company's short-term and long-term objectives are being achieved. This year was affected by the pandemic and comparisons are made to the last pre-pandemic year

## Notes to the Financial Statements for the Year ended June 2022

The financial report covers Layton Vision Foundation Ltd as an individual entity. Layton Vision Foundation Ltd is a not-for-profit company limited by guarantee, incorporated and domiciled in Australia.

The functional and presentation currency of Layton Vision Foundation Ltd is Australian dollars.

Comparatives are consistent with prior years, unless otherwise stated.

### 1 Basis of Preparation

The directors have prepared the financial statement on the basis that the not-for-profit company is a non-reporting entity because there are no users dependent on general purpose financial statements. These financial statements are therefore special purpose financial Statements that have been prepared in order to meet the requirements of the *Collections Act 1996*.

The financial statements are prepared on an accruals basis. They are based on historic costs and do not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The financial statements have been prepared in accordance with the recognition and measurement criteria of the Australia Accounting Standards and the disclosure requirements of *AASB 101 Presentation of Financial Statements* and *AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors*.

The significant accounting policies disclosed below are those which the directors have determined are appropriate to meet the needs of members. Such accounting policies are consistent with the previous period unless otherwise stated.

### 2 Summary of Significant Accounting Policies

#### Property, plant and equipment

Each class of Property, plant and equipment is carried at cost value less any accumulated depreciation.

#### Depreciation

Property, plant and equipment excluding freehold land, is depreciated on a diminishing value basis over the assets useful life to the Company, commencing when the asset is ready for use.

### **Provisions**

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured at the present value of management's best estimate of the outflow required to settle the obligation at the end of the reporting year.

### **Cash and Cash Equivalents**

Cash and cash equivalents comprises cash on hand and cash at bank.

### **Revenue and Other Income**

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the company and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

### **Grant Income**

Non-reciprocal grant revenue is recognised in profit or loss when the entity obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the entity and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before the entity is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

When grant revenue is received whereby the entity incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

### **Interest revenue**

Interest revenue is recognised using the effective interest rate method.

### **Comparative Amounts**

Comparatives are consistent with prior years, unless otherwise stated.

Where a change in comparatives has also affected the opening retained earnings previously presented in a comparative period, an opening statement of financial position at the earliest date of the comparative period has been presented.
